In the months leading up to the mid-terms, Americans for Limited Government aimed at uncovering injustices!

Because of you, ALG President Richard Manning served as the issue expert on how to fire the swamp for James O'Keefe's "Deep State Unmasked" videos.

- In conjunction with Project Veritas, we shed a much-needed light on resistance members in the State Department, the Justice Department, and the IRS, just to name a few.
- These videos alerted Secretary of State Mike Pompeo to the resistance movement inside his own department and, as a result, he took action to remove self-proclaimed "resistor" Stuart Karaffa from the agency.

to advance the Socialist agenda.

• With many more socialist resistors rooted deep within the federal work force, there is more work to be done. Together we can finally take back our government for hard working, taxpaying American citizens like you.

With your help, America has a new Supreme Court Justice. One who vows to uphold the Constitution as it was written, just as the Founding Fathers intended.

- As you saw firsthand, the new liberal mob waged a war on due process during the confirmation of Justice Brett Kavanaugh.
- Because of you, ALG ran an ad aimed at West Virginia Senator Joe Manchin who delivered a key vote to confirm Kavanaugh.
- The ad was run on CNN during Don Lemon's Show. He cited our ad as one that aims to sway Senator Manchin's critical vote in favor of confirmation.

• As you might have noticed, with your help, ALG's hard hitting ad helped to push the good people of West Virginia to contact Senator Manchin urging the him to do the right thing and stand up to the mob. Today, Kavanaugh sits on the Supreme Court because of you.

With your help, we WILL beat the mob!
